Guang Ning, M.D., Ph.D., received the International Endocrinology Award at the American Association of Clinical Endocrinologists (AACE) 23rd Annual Scientific & Clinical Congress in Las Vegas on May 16, 2014.

The International Endocrinology Award is presented to an endocrinologist outside of the United States in recognition of delivering outstanding care to endocrine patients, delivering care to a population of patients with endocrine problems, developing a system of care for an endocrine problem, organizing clinical endocrinologists, affecting social changes that lead to improved care for the endocrine patient and educating the public about endocrine problems.

Dr. Ning has published more than 300 papers in peer-reviewed journals. His research primarily focuses on diabetes, obesity and adrenal diseases.

"I am delighted with great honor to receive this award from AACE. This is recognition on the progress in the Endocrinology of China and I believe my colleagues and I will be more active to dedicate our effort in the world platform of endocrinology," said Dr. Ning.

Dr. Ning is currently the Director of Shangai Institute of Endocrine and Metabolic Diseases, Head of Shanghai Clinical Center for Endocrine and Metabolic Diseases and Director of The Key Laboratory for Endocrine and Metabolic Diseases of the Chinese Health Ministry.

Dr. Ning’s biography and high-resolution photo are available here.
